

Alpine Ski World Cup February 2nd, 3rd and 4th, 2024

In the context of the organization of the Alpine Ski World Cup taking place in Les Houches from February 2nd to 4th, 2024, access to certain areas of the municipality will be restricted. Access will only be possible for **residents, secondary residents, people working in the municipality unable to use public transportation, and vacationers staying in the municipality**. The aim of this sectorization is to prevent the village from being clogged up by a massive influx of vehicles, which would entail risks for the safety of local residents (inability of emergency services to access the site) and for spectators attending the event.

To enable the mentioned people to access the controlled sectors of the municipality, a mandatory "pass" will have to be **sticked on the windshield** of the vehicle from February 2nd to 4th during filtering hours.
